

Slide Doors

SLD

Recent innovations have resulted in the creation of the unique silent automatic sliding door operator that can be programmed to suit all applications, for example; County Councils, Nursing Homes, Hospitals, Public Buildings, Shopping Centres and very busy airports where elderly and disabled access is required.

Our Automatic sliding door operator can be programmed to suit all applications, and is a safe, sensible, silent and reliable answer for all access solutions.

Configure is the UK's leading commercial disability access consultancy, providing intelligent solutions for businesses to meet their obligations under the Disability Discrimination Act.

We offer a comprehensive range of cost effective and easy to implement services that include access audits, auxiliary aids, building adjustments and staff disability equality training.

configure

- Easy Installation
- Micro-processor learns the door weights and distances and keeps the values updated regularly
- Mounted with a 15cm space above the door gap, this means it can be installed in most locations
- Easy operation of the doors
- Initial set-up activates the doors immediately without the need for any manual adjustments
